

Fibre Management

3U LGX Patch Panel  
Model 03 - 288 FO

Product Description

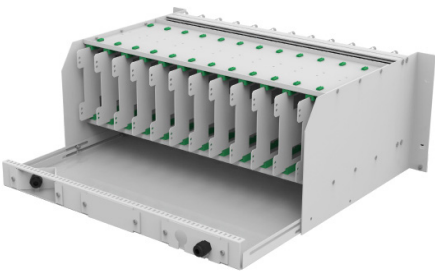

Briticom® designs and manufactures unique and robust patch panels. Our patch panels use various technologies for easy access and organisation: these include pivots, sliding on rail and easy sliding. Many of our panels are modular, to further aid the user.

Features & Benefits

- 3U
- Recessed adaptors for improved fibre management
- Built-in strength member tie positions
- High quality finish
- LGX

Applications

- Data and server racks
- FTTx
- Telecommunications

Back of model including cable rings shown.

Technical Specifications

|               |                                  |
|---------------|----------------------------------|
| Height        | 3U                               |
| Dimensions    | 484×349×3U                       |
| Adapter Types | SC, LC, FC                       |
| Material      | Cold-rolled steel, ABS           |
| Weight        | 6.5kg approx                     |
| Capacity      | 144 (SC), 288 (LC and FC Duplex) |
