

Fibre Management

Fibre Splice Protection Box – Model 01

Technical Specifications

Type	FTTx Solutions
Network	Wireless Lan, Wiegand, FTTH
Connector Type	SC
Color	Black
Material	ABS Plastic
Product weight	38g
Ports	1 inlet and 1 outlet
No. of Fibre	1 or 2
Function	Protecting the splicing point
Rating	IP65
Dimensions (mm)	160x48x18
Operating temperature	-25 ~ 65°C
Atmospheric pressure	70Kpa~106Kpa

Product Description

Briticom® Fibre Optic Protection Box is engineered for FTTH applications, delivering strong and reliable protection for Fibre splicing points. It supports both flat and round drop cables, ensuring flexible installation options. Constructed from high-quality ABS plastic, it offers excellent durability, water resistance, and dependable performance in both indoor and outdoor environments. Certified with CE and RoHS, it meets EU safety and environmental standards, providing buyers with confidence and regulatory compliance.

Features & Benefits

- **FTTH Ready:** Designed for Fibre-to-the-Home connections.
- **Cable Versatility:** Supports both flat and round drop cables.
- **Durable ABS Housing:** Provides strong, long-lasting protection.
- **Water-Resistant:** Shields Fibre joints from moisture and dust.
- **Certified Safe:** CE and RoHS compliant for EU market standards.
- **Reliable Protection:** Keeps splicing points secure and stable.
- **Consistent Performance:** Works dependably in all conditions.
- **Easy Integration:** Fits seamlessly into FTTH setups.
- **Trusted Quality:** Certified to meet safety and environmental requirements.
- **Low Maintenance:** Durable build reduces repair and replacement costs.

Applications

- Telecommunication networks
- LAN, MAN and WAN applications
- CATV - Cable television
- Fibre-to-the-Home (FTTH)
