

Fibre Optic Components & Assemblies

Fibre Optic Adapters Hybrid – Female To Female

Product Description

Briticom™ fibre adapters are used in patch panels, boxes, and other fibre passive equipment to enable the mating of two fibre optic connectors, with high precision alignment sleeves to ensure reliability.

Our adapters are available in simplex and duplex, different colours, with or without flanges and shutters. They are also available in standard datacomms loss as well as low-loss for telecom use.

Features & Benefits

- Conforms IEC Standard 61754-4
- SC, LC, ST and FC connectors available
- Simplex and duplex available
- Available in different colours
- Low insertion loss (IL)
- Plastic and metal housings available
- RoHS compliant materials

Applications

- Data centres
- Telecom
- CATV - cable television
- FTTH

Technical Specifications

Plastic Material	UL 94V-0 ABS high-impact thermoplastic
Operating Temperature	-40°C to 75°C
Storage Temperature	-40°C to 85°C
Mating Durability	500 mating cycles
Insertion Loss	0.3dB max
Return Loss	≤-55 dB (SM UPC), ≤-65 dB (SM APC), n/a (MM)
