

Fibre Optic Cleaning Tools & Test Equipment

Heavy Duty Cable Slitter Longitudinal Model 02

Product Description

The Briticom® Longitudinal Cable Sheath Slitter is used for safe longitudinal slitting of plastic cable sheaths with different thickness. Applicable either at the beginning or in the middle of the cable. Additional attachable pieces for slitting optic cables and cables with small diameter available.

Features & Benefits

- Impact resistant plastic material
- Safe and simple handling
- Adjustable slitting depth
- Double bladed knife made from hardened special steel
- Attachable piece, grey for cables up to 25mm

Applications

- Fibre optic preparation and termination
