

Fibre Management

Modular Adapter Plates – Model 04

Product Description

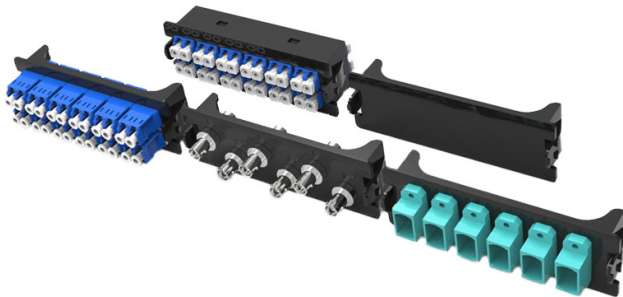

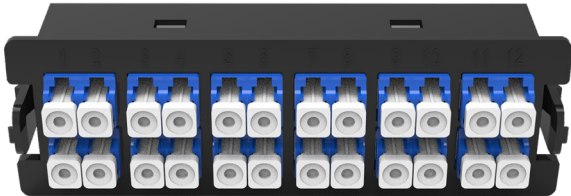

Briticom® modular adapter plates are for use with modular patch panels. Easily upgrade existing panels with pre-loaded plates of up to 24 fibres (LC duplex adapters). Blank and empty plates are also available for unused panel space (see Model 03).

Features & Benefits

- Modular design for easy access
- Easy clip-in installation
- Cold-rolled steel
- Up to 12 adapters per plate (LC DX)
- LC, SC, ST, FC adapters
- High quality finish

Applications

- Data and server racks
- FTTx
- Telecommunications

Technical Specifications

|                                        |                   |
|----------------------------------------|-------------------|
| Adapter Types                          | LC, SC, ST, FC    |
| Max Fibre Count Per Modular Plate      | 24 FO per plate   |
| Max Adapter Capacity Per Modular Plate | 12 LC DX          |
| Material                               | Cold-rolled steel |
| Colour                                 | Black             |
