

Cable Management

PVC Dado Trunking Accessories

Product Description

Briticom PVC Dado Trunking Accessories provides a safe, efficient, and durable solution for cable management. Made from high-quality, non-conductive PVC, it offers excellent insulation and protection.

Features & Benefits

- **Non-Conductive:** Provides excellent insulation, capable of withstanding up to 25KV, ensuring system safety.
- **Robust Design:** Engineered for protection against dust and rodent intrusion.
- **Durable and Safe:** Trunking offers high strength and flexibility, it's flame-retardant, moisture-resistant, alkaline-resistant, and resistant to aging.
- **Easy Installation:** Lightweight and simple to cut, transport, bend, and handle. Can be easily connected using solvent cement or threaded joints with no leakage.
- **Versatile Mini-Trunking:** Designed to seamlessly match both square and rounded surface-mounted switches and socket boxes.

Applications

- Data centres
- Telecommunication networks
- LAN

Technical Specifications

No	Description	Part No.	Width*Hight(MM)	Length(M)
1	PVC Dado Trunking System Accessories- Internal Bend	PVCTRA-IB	180*50	54*52*56
2	PVC Dado Trunking System Accessories- External Bend	PVCTRA-EB	180*50	43*39*29
3	PVC Dado Trunking System Accessories- End Cap	PVCTRA-EC	180*50	36*25*16
4	PVC Dado Trunking System Accessories-Angled	PVCTRA-AN	180*50	55*45*30
5	PVC Dado Trunking System Accessories- Tee Channel	PVCTRA-TC	180*50	68*43.5*27.5
6	PVC Dado Trunking System Accessories- Coupler	PVCTRA-CO	180*50	36*25*16
7	PVC Dado Trunking System Accessories- 3x3 Frame	PVCTRA-3x3	180*50	36*25*16
8	PVC Dado Trunking System Accessories- 3X6 Frame	PVCTRA-3x6	180*50	36*25*16
