

Cable Management

Pipe – Corrugated PVC

Product Description

Briticom® Corrugated PVC Pipes are lightweight with a reinforced ribbed outer for extra durability. The high-quality construction makes for better flow rates; maintaining its shape even when highly flexed. The corrugation in the hose gives it strength and flexibility, allowing you to turn tight corners without kinking.

Features & Benefits

- Available in 20, 25, 32 and 38mm diameter
- Lightweight PVC pipe
- Reinforce ribbed outer for extra durability
- High quality construction for better flow rates
- Cross section maintained even when highly flexed
- Turn tight corners without it kinking
- Easy to cut to size

Applications

- LAN and WAN Applications
- Ducts and harsh environments
- FTTx & Telecom
